

BC 133-BC 138**DUMINY PAPERS**

Note: the Duminy Papers were presented to the University of Cape Town Libraries in 6 different deposits. Some of the collection was described in detail, while other sections were not described at all. In addition, the various donations had become somewhat interfiled. In April 2009, the collection was described at box level, using the existing inventories where possible, but no attempt has been made to separate the collection into the various deposits.

BC 133

Presented to the University of Cape Town Libraries, 10 August 1962, by Dr J P Duminy, Principal, University of Cape Town
D62/293
