Dear Miss Wilson,

Thank you for your note of March 19th. I may mention that we also did not spend all our money during 1955-56 since it was difficult to find sufficient research workers. We have now decided to engage several M.- & D.-students to do part of the research work under guidance of professors and lecturers. Personally I have a suspicion that we shall not have completed the study in three years time. But that is as may be expected.

Yours sincerely,

.....
